DID YOU KNOW?

Standard-Miether products are manufactured on-site at our Westfield, Indiana (USA) manufacturing facility with one goal in mind: Maximizing your bearing investment and minimizing costly downtime.

Two Great Companies Under One Roof!

When it comes to specialty bearing housings, seals and accessories, Standard Miether has been leading the industry in quality and value for **over 75 years**. The organization supports OEM and MRO requirements for rotating equipment in the bearing, steel, rail, oil and gas, aerospace, mining, chemical, machine tool, agricultural, heavy-duty and off-road industries with the highest quality bearing accessories, pillow blocks and precision machined components.

Our products are manufactured with one goal in mind: maximizing your bearing investment and minimizing costly downtime. We've spent years working with customers in a variety of industries to solve application challenges, increase uptime and help improve both productivity and profitability.
