

MINIMIZE DOWNTIME AND MAXIMIZE YOUR SAVINGS WITH CORE RESTORE.

Restore or Renew?

Take advantage of the Standard-Miether Core Restore Program. Maximize your cost efficiency and performance. Return your old housing with endcaps and our in-house experts will review your product and determine if it can be restored – potentially saving you thousands of dollars.

*Your New
Restored
Housing!*

Benefits

- ⚙️ **Reduce Downtime** – Just 6-week turnaround delivery on restored housing units
- ⚙️ **Save Money** – Up to a \$3,400 (USD) discount on new housing*
- ⚙️ **Quality Assurance** – 1-year warranty on all restored housings**

HOW THE PROGRAM WORKS

Contact Us

Contact your Standard-Miether Inside Sales Representative at 1-800-783-6887 or email us at corerestore@stdlocknut.com for a Quote Request.

Return Used Housing (with endcaps)

Ship your current housing product to Standard-Miether for inspection. An expert will review your product to determine if restoration is possible.

Place Order

Your Standard-Miether representative will apply your discount within 4 weeks of product inspection, if approved.

Please Note

⚙ When contacting your Standard-Miether Inside Sales Representative, please provide the part number and quantity.

⚙ **Usable Product** – Standard Miether will verify reworking the product and apply the “Core Restore” program discount.

⚙ **Unusable Product** – Cannot be repaired due to extensive wear and damage, new quote will be provided at current market price.

DID YOU KNOW?

- ⚙ Standard-Miether housings are the #1 preferred housing for quality and customer satisfaction in the auto shredding/recycling industry.
- ⚙ The Core Restore Program is great for the environment AND for your bottom line.
- ⚙ Core Restore housings are precisely machined in the USA (Westfield, Indiana).

BEARING PRODUCTS

Two Great Companies Under One Roof!

When it comes to specialty bearing housings, seals and accessories, Standard Miether has been leading the industry in quality and value for **over 75 years**. The organization supports OEM and MRO requirements for rotating equipment in the bearing, steel, rail, oil and gas, aerospace, mining, chemical, machine tool, agricultural, heavy duty and off-road industries with the highest quality bearing accessories, pillow blocks and precision machined components.

Our products are manufactured with one goal in mind: maximizing your bearing investment and minimizing costly downtime. We've spent years working with customers in a variety of industries to solve application challenges, increase uptime and help improve both productivity and profitability.
