Two Great Companies Under One Roof!

When it comes to specialty bearing housings, seals and accessories, Standard Miether has been leading the industry in quality and value for **over 75 years**. The organization supports OEM and MRO requirements for rotating equipment in the bearing, steel, rail, oil and gas, aerospace, mining, chemical, machine tool, agricultural, heavy-duty and off-road industries with the highest quality bearing accessories, pillow blocks and precision machined components.

Our products are manufactured with one goal in mind: maximizing your bearing investment and minimizing costly downtime. We've spent years working with customers in a variety of industries to solve application challenges, increase uptime and help improve both productivity and profitability.
